SUMMARY

Software Developer with over 2.5+ years of experience building responsive, user-centric web applications using HTML, CSS, JavaScript (ES6+), React.js, Next.js, and Node.js with RESTful APIs. Proficient in optimizing performance, ensuring cross-browser compatibility, and adhering to WCAG standards. Skilled in Agile/Scrum workflows, Git version control, and UI/UX design principles, with a proven ability to collaborate with cross-functional teams to meet business objectives. Experienced in deploying and hosting Node.js applications, including configuration with IIS and cloud platforms.

WORK EXPERIENCE

Software Developer , Kallos Solutions Pvt. Ltd.

Oct 2024 - Present

- Develop responsive and SEO-optimized web pages using HTML, CSS, JavaScript, jQuery, AJAX and Bootstrap, ensuring smooth functionality across desktop and mobile platforms.
- Debug and resolve front-end issues, achieving 98% cross-browser compatibility across major browsers including Chrome, Firefox, and Safari.
- Optimize web performance through lazy loading, AJAX-based data fetching and efficient coding practices, resulting in 25% faster page load times.
- Worked on deploying and hosting Node.js applications, including IIS configuration for enterprise clients.
- Conduct thorough unit and integration testing to ensure 95% defect-free deployments and consistent feature delivery.
- Collaborate in Agile sprints with cross-functional teams, delivering scalable, maintainable web applications aligned with business objectives.

Associate Consultant , Atos | Eviden

Sep 2022 - Aug 2023

- Built responsive and interactive web applications using HTML, CSS, JavaScript, and React.js, with integration of MySQL and Java for full-stack functionality where needed.
- Improved code quality and cross-browser compatibility, enhancing performance and delivering consistent user experiences across major browsers.
- Implemented front-end optimization strategies that reduced bounce rates and improved overall website responsiveness and user engagement.
- Leveraged Salesforce Administration skills to support UI-related configurations, including page layouts and app customization for enhanced user workflows.
- Automated internal processes using Salesforce Flow and Process Builder, contributing to smoother front-end user interactions and reducing manual tasks.

Systems Trainee , Intellect Design Arena

August 2021 - May 2022

- Developed responsive, SEO-optimized websites using HTML, CSS, Bootstrap, and JavaScript, ensuring seamless functionality across devices and screen sizes.
- Skilled in performing CRUD operations with MySQL, optimizing data management for efficiency and scalability.
- Implemented SEO strategies and ensured adherence to WCAG standards, optimizing website performance and accessibility.
- Focused on enhancing user experience by designing responsive, accessible, and high-performing web applications.
