Professional Summary

Frontend Developer with 3.5+ years of experience building scalable, accessible, and high-performance web applications using React.js, Next.js, TypeScript, and modern JavaScript. Skilled in frontend architecture, reusable component systems, REST API integration, Generative AI integration, responsive UI engineering, and performance optimization through lazy loading, code splitting, and Lighthouse optimization. Experienced in delivering production-ready applications with strong focus on accessibility, maintainability, and Agile software development.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

Styling & UI: Tailwind CSS, SASS, Bootstrap, Responsive Design

State & Data: Redux Toolkit, React Query, REST APIs, AJAX

Backend & Databases: Node.js, Java, MySQL

AI & Emerging Tech: Generative AI Integration, Prompt Engineering, AI-assisted Workflows

Performance & Accessibility: Lighthouse, Lazy Loading, Code Splitting, WCAG, SEO

Tools & Workflow: Git, GitHub, Vite, Postman, Vercel, IIS, Figma, Salesforce

Professional Experience

Software Developer

Oct 2024 – Present

Kallos Solutions Pvt. Ltd., Chennai

- Engineered responsive enterprise web applications using React.js, TypeScript, Tailwind CSS, JavaScript, and AJAX, delivering seamless user experiences across devices.
- Designed reusable UI components and modular frontend architecture, improving maintainability, scalability, and development efficiency.
- Built and integrated RESTful APIs using Node.js with asynchronous state handling, optimized data flows, and robust error management.
- Integrated Generative AI features into internal workflows and applications to enhance productivity and user interaction.
- Improved page performance and Lighthouse scores through route-based code splitting, lazy loading, asset optimization, and efficient rendering, while achieving a 95% defect-free deployment rate through structured testing and Agile collaboration.

Associate Consultant

Sep 2022 – Aug 2023

Atos, Chennai

- Developed responsive React.js applications integrated with Java and MySQL backend services for enterprise applications.
- Optimized application responsiveness through component-level improvements, efficient rendering, and state management practices.
- Ensured 100% cross-browser compatibility across Chrome, Firefox, and Safari while maintaining WCAG accessibility standards.

Systems Trainee

Aug 2021 – May 2022

Intellect Design Arena, Chennai

- Developed responsive, SEO-friendly web pages using HTML5, CSS3, and JavaScript for consistent experiences across devices and browsers.
- Assisted backend integrations and CRUD functionality using Java and MySQL to support business applications.
- Reduced page load times by 25% through frontend resource optimization, asset compression, script deferral, and performance improvements.

Projects

Admin Dashboard

React.js, Redux Toolkit, React Query

- Developed a scalable admin dashboard using reusable React components and feature-based architecture.
- Implemented API caching, optimized data fetching, CRUD functionality, and global state management using React Query and Redux Toolkit.

Minute Masters – E-Commerce Website

JavaScript, Tailwind CSS

- Developed a responsive mobile-first e-commerce platform featuring dynamic product listings, filtering, shopping cart, and checkout workflows.
- Designed a modern Tailwind CSS interface focused on responsive layouts, usability, and consistent customer experience.

Education & Certifications

Bachelor of Engineering in Computer Science and Engineering

2017 – 2021

Peri Institute of Technology

76%

Certifications:

- Salesforce Certified Administrator
- Responsive Web Design – freeCodeCamp
