Professional Summary

Frontend Developer with 3+ years of experience building scalable, accessible, and high-performance web applications using React.js, Next.js, TypeScript, and modern frontend technologies. Skilled in frontend architecture, reusable component systems, API integration, responsive UI engineering, and performance optimization including lazy loading, code splitting, and Lighthouse improvements. Experienced in delivering production-ready user experiences with strong focus on accessibility, maintainability, and cross-browser compatibility in Agile environments.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

Styling & UI: Tailwind CSS, SASS, Bootstrap, Responsive Design, UI Engineering

State Management: Redux Toolkit, React Query

Backend & APIs: Node.js, REST APIs, API Integration, MySQL, MongoDB, Java

Performance & Accessibility: SEO, WCAG, Lazy Loading, Code Splitting, Lighthouse Optimization

Tools & Platforms: Git, Vite, Vercel, Postman, IIS, Figma, Salesforce

Professional Experience

Software Developer

Oct 2024 – Present

Kallos Solutions Pvt. Ltd, Chennai

- Developed scalable frontend features using React.js, Tailwind CSS, JavaScript, and AJAX for responsive and modern UI experiences.
- Designed reusable UI components and modular frontend architecture, improving maintainability and development efficiency.
- Built and integrated REST APIs using Node.js with async state handling, optimized data flow, and error management.
- Worked with MySQL databases and implemented AI-based integrations to enhance workflows and user experience.
- Improved Lighthouse scores and reduced page load times using lazy loading, code splitting, and script optimization techniques.
- Collaborated with cross-functional teams to deliver high-quality features aligned with business requirements.
- Achieved 95% defect-free deployments through structured testing, debugging, and quality assurance practices.

Associate Consultant

Sep 2022 – Aug 2023

Atos, Chennai

- Developed responsive web applications using React.js integrated with Java/MySQL APIs.
- Optimized UI performance through component-level improvements and efficient state management techniques.
- Ensured 100% cross-browser compatibility across Chrome, Firefox, and Safari.
- Configured Salesforce UI layouts and automated workflows using Salesforce Flow.
- Delivered high-quality features within Agile sprint cycles aligned with project goals.

Systems Trainee

Aug 2021 – May 2022

Intellect Design Arena, Chennai

- Developed responsive and SEO-friendly web pages using HTML, CSS, and JavaScript.
- Assisted in backend integrations and CRUD operations using Java and MySQL.
- Improved page load speed by 25% through frontend optimization techniques.
- Maintained WCAG accessibility compliance for inclusive and consistent user experiences.

Projects

Admin Dashboard

React.js, Redux Toolkit, React Query

- Built scalable dashboard using reusable UI components and feature-based architecture.
- Implemented API caching, optimized data fetching, and CRUD functionality using React Query and Redux Toolkit.
- Improved application responsiveness through efficient state updates and reusable component patterns.

Minute Masters (E-Commerce)

JavaScript, Tailwind CSS

- Developed responsive e-commerce platform with dynamic product listings, shopping cart functionality, and checkout flow.
- Designed modern mobile-first UI using Tailwind CSS for improved usability and customer experience.

Education & Certifications

Bachelor of Engineering in Computer Science and Engineering

Peri Institute of Technology (76%)

Salesforce Certified Administrator | Microsoft Azure Fundamentals (AZ-900) | Responsive Web Design – freeCodeCamp
