PROFESSIONAL SUMMARY

Frontend Engineer with nearly 3 years of experience building scalable, performant, and accessible web applications using React.js. Strong expertise in modern React patterns including Hooks, Redux Toolkit, and React Query, with a clear understanding of client state vs server state management. Experienced in performance optimization, SEO, WCAG accessibility, and translating business requirements into production-ready UI solutions. Passionate about clean architecture, reusable components, and long-term maintainability in Agile environments.

PROFESSIONAL EXPERIENCE

Software Developer

Oct 2024 - Present

Kallos Solutions Pvt. Ltd | Chennai

- Developed scalable and SEO-optimized frontend features using HTML, CSS, JavaScript, jQuery, AJAX, and Bootstrap.
- Improved page performance through lazy loading, script optimization, and reducing render-blocking assets.
- Deployed and configured Node.js applications on IIS, improving application stability for enterprise clients.
- Implemented unit and integration testing, achieving 95% defect-free deployments.
- Designed reusable UI components and cleaner frontend architecture, reducing future development effort.
- Integrated REST APIs and handled async UI states (loading, error, empty) for reliable UX.
- Collaborated with cross-functional teams to convert business requirements into scalable UI solutions.

Associate Consultant

Sep 2022 - Aug 2023

Atos | Chennai

- Built interactive, responsive React-based applications integrated with Java/MySQL APIs.
- Enhanced UI performance through component-level optimization and improved state handling.
- Ensured cross-browser compatibility and resolved UI defects across Chrome, Firefox, and Safari.
- Configured Salesforce UI layouts and workflows using Salesforce Flow.
- Delivered features within Agile sprints, aligning frontend output with business goals.

Systems Trainee

August 2021 - May 2022

Intellect Design Arena | Chennai

- Developed responsive and SEO-friendly web pages using HTML, CSS, JavaScript, jQuery, AJAX, and Bootstrap.
- Achieved 98% cross-browser compatibility across major browsers.
- Improved page speed by 25% using performance optimization techniques.
- Ensured WCAG accessibility compliance and consistent UI behavior.
- Performed CRUD operations with MySQL and improved query efficiency.

EDUCATION

- **Bachelor of Engineering** - Computer Science and Engineering
Peri Institute of Technology
